

I am writing in regards to the following docket #5:
98N-1230, 96P-0418, 97P-0197.

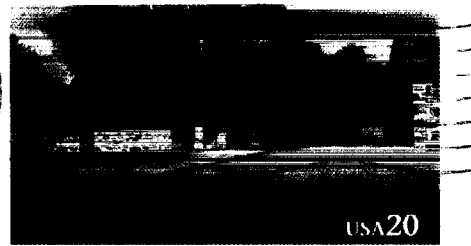

I urge the FDA to go beyond mere
labeling on egg cartons. That molting practice
should be outlawed as it contributes to
illness!

This molting practice can only help to spread
disease in our foods. It is cruel and
it is unhealthy!

Please do the right thing!
